

ABOUT

Junior developer with experience in WEB-coding. Non-conflict, positive, communicate person. Willing to work in a team. Open to the new knowledge and challenges. In search for work with the ReactJs, RestApi, C#, but not afraid to step into uncharted territory.

I have a speech impediment because of the cerebral palsy. But I type quickly, and we will find a way to communicate. Also, in Latvia it is possible to get subsidy from the government for employing a person with invalidity.

LANGUAGES

- Russian (native)
- English (good)
- Latvian (A1, basic)
